New CSLA Officer Receives Two Awards

Janelle Paris, CSLA newly elected first vice president and president-elect, is the recent recipient of two awards. Dr. Paris, who is an associate professor in the School of Library Science at Sam Houston State University, was named "Librarian of the Year" for 1986 by the Texas Library Association. One Texas librarian is selected each year for this award in recognition of superior achievement, dedication to the profession and contribution toward the improvement of library service in Texas.

Dr. Paris was cited especially as the initiator of the annual Sam Houston State University children's literature festival, and the creator of a statewide reading program for children.

Janelle was also presented with a newly created award: "The Distinguished Alumnus Award" by the School of Library Science Alumni at Sam Houston State University.
